MK QUILTS
University

Table of Contents

Welcome to the University

MK Quilts University (MKQU) is a fast growing, online quilting education site. Increase your knowledge, confidence and skills and go from beginner to expert with LIVE and ON-DEMAND courses.

As the MK Quilts University site grows in both users and number of courses, we are working on developing a more comprehensive and user-friendly student dashboard to help eliminate the "course overload" stress of not knowing where to start and what to take next.

This course catalog may help you find the courses you want or need. This catalog includes all active courses available at MK Quilts University as of the date of publication. New courses are added frequently, so this catalog will be updated periodically.

Courses listed with an * are free offerings.

Thank you for your support and engagement,

MK Quilts University Staff

Abbreviations

The following abbreviations are used in this catalog.

Abbreviation	Definition
BOM	Block of the Month
E2E	Edge to Edge
EA	Ellen Ault
GSTMKW	Getting Started The MK Way
HQ	Handi Quilter
HST	Half Square Triangle
MK	Melissa Kruschwitz
MKDI	MK Design Indexer
MOTT	Machine Owner Technician Training
P2P	Point to Point
PS	Pro-Stitcher
PSD	Pro-Stitcher Designer
PSP	Pro-Stitcher Premium
Q&A	Question and Answer
QPI	Quilt Pattern Indexer

MKQUILTS
University

Search Capability

MK Quilts University's search capability has been much improved. In January 2023, MKQU added machine learning technology to transcribe video, audio, documents, and images to capture all the content from nearly 3,500 lessons. Now with this powerful technology, you can easily search MKQU for just the content you are seeking.

You can search the **All Courses Page** by typing your criteria into the blue search box. For instance, when typing "thread break" and pressing enter, there are 47 courses or bundles displayed almost instantly. You can then search the individual course for specifics.

Searching your Dashboard will return like results, but only in the courses in which you are enrolled.

Within a course (for this example in **2023 Q&A with MK** course), an even more powerful search is available in the search box at the top of the left side bar. Again, when searching for thread break, three lessons were found.

Search results for "thread break":   Found 3 lessons

01-23-2023 Replay

> **Part 09 - MKQU Survey Results Continued**
> ▭ VIDEO   Found **2** occurrences.

03-20-2023 Q and A Replay

> **Part 03 - Tension Continued**
> ▭ VIDEO   Found **1** occurrence.

> **Part 01 - Tension Issues with Glide or other Glossy or Slippery Type Threads**
> ▭ VIDEO   Found **1** occurrence.

By clicking on the lesson from above, you are taken directly to the specific location in the video where thread break was discussed.

Use quotes to search for an exact phrase. For example, if you search for "bobbin tension" (including the quotes), the search will only return results that contain the exact phrase "bobbin tension". There is additional support for using "and" to search for results that contain **all** of the keywords you specify and using "or" to search for results that contain **any** of the keywords you specify. You can also use "and" and "or" together to create more complex searches.

Instructors

MK Quilts University has three primary instructors who are all specialists in certain aspects of quilting and related topics.

Melissa Kruschwitz

Specializing in Sim, Pro-Stitcher, and Pro-Stitcher Designer

Founder and primary instructor at MK Quilts University. MK started out as a quilter over fifteen years ago and is now a freelance computerized longarming expert specializing in Handi Quilter Pro-Stitcher and Sim.

Her real-world training comes from growing her basic longarming passion into a profitable business. Melissa's enthusiasm and passion are evident as she encourages her students to dive in and start quilting.

Paul Kruschwitz

Specializing in Technology and Troubleshooting

After 30+ years in Enterprise I.T., Paul found that his technological skills combined with Melissa's creative skills uniquely made them the perfect team to run MK Quilts. Every beauty needs a beast. Their combined skills allowed them to build an on-line presence to educate, support, and sell. MK Quilts continues to grow in size and scope thanks in large part to Paul's direction and support.

And we can't forget, Samson, the real face and driving force of MK Quilts!

Ellen Ault

Specializing in Free Motion, Ruler Work and Pro-Stitcher

In 2019, Ellen joined the MK Quilts team as Studio Manager, allowing her to share her talents with customers, quilting both free motion and computerized designs. Ellen has a unique affinity with rulers and free motion that complements MK's style and skills. She both contributes to MK Quilts content and offers her own specialized courses.

Contributors

In addition to the primary instructors, MK Quilts University is privileged to offer courses from the following contributors.

Stephanie Baker

Specializing in Pro-Stitcher and Custom Design

Stephanie Baker is a professional longarm quilter and Certified Instructor with Quiltworx and Judy Niemeyer. Shortly after purchasing her first longarm, Stephanie took on clients and never looked back. After mastering her craft with simple designs, she tackled the intricate details of longarming Quiltworx paper piecing patterns and added them to her growing portfolio. Stephanie's quilts win ribbons in all sorts of categories at various shows.

Ritu Haldar

Specializing in Needle-Turn Appliqué, EPP, and Surface Design

I LOVE appliqué! I am an instinctive artist who has loved color and playing with fabric for many years. Color brightens my day and old-world artisans are my inspiration. A blend of east and west is my way of honoring cultures from all over the world. Let's embark on this beautiful journey of learning and exploring our creativity together!

Winner of the 2021 Nancy Zieman Productions Pillowcase Challenge.

Gretchen Krasoski

Specializing in Piecing and Appliqué

Gretchen's love for sewing began at an early age alongside her mother. She became a serious quilter twenty years ago when she moved to Florida, bought a great new sewing machine and found a wonderful local quilt shop with great lessons and inspiration. As a retired elementary school teacher, her love of teaching continues through offering classes to individuals and at a local quilt store. Quilting is now her full-time job - taking part in craft shows, making quilts and quilting for others, and of course, learning long arming from MK. Gretchen is thrilled to be able to share her experience with machine appliqué quilting with us here at the "U."

MK QUILTS
University

Paco Rich

Specializing in Piecing and Digital Design

I am a Southwest New Mexico native, born and raised. In the mountains surrounded by nature, I am home. I started my quilting journey in November of 2014 and am self-taught. In 2016, I hosted my first Mystery Quilt pattern and since have published a few patterns and tutorials. My favorite quilt piecing style to do and teach is 3D Hexagons and Easy Y Seams (no pivot points), with Machine Appliqué coming in at a close second.

After using my friend's Fusion in exchange for giving her a few lessons, I finally purchased my own longarm (Forte) in April 2021 and have been having a blast!

Courses and Categories

All of the MK Quilts University courses fall into one or more of the following categories:

- <u>Getting Started</u> - Wondering where to start for computerized quilting or with your new machine? Start here!

- <u>Pro-Stitcher</u> - Anything related to digital quilting using Pro-Stitcher Premium. Learn all the best practices, as well as tips and tricks.

- <u>Designer</u> - Learn to use Pro-Stitcher Designer to create and edit digital designs.

- <u>Free Motion & Rulers</u> - Learn all about free motion quilting on your longarm, and learn how to work with rulers.

- <u>Sewing</u> - Learn general sewing skills, including piecing and appliqué.

- <u>General Quilting</u> - Loading your quilt, piecing borders, decisions about quilting your quilt top, and other general quilting topics.

- <u>Project</u> - Specific projects, rather than general information.

- <u>Event</u> - Specific events or webinars.

- <u>Tech</u> - Machine troubleshooting and repair, installation, and other technical issues.

- <u>Q&A</u> - Q&A webinars.

- <u>MKDI / QPI</u> - Information about MK Design Indexer (formerly Quilt Pattern Indexer).

- <u>Misc.</u> - Whatever doesn't fit into the other categories.

Some of the courses fall into multiple categories.

The tables on the following pages list all of the courses, in alphabetical order, and their categories. Descriptions of each course are in the Course Descriptions section at the end of this catalog.

Courses and Bundles

MK Quilts University offers students the ability to purchase bundles of courses. The following bundles are currently available:

- <u>Free</u> - As implied by its name, this bundle costs nothing. It includes a number of basic and introductory courses on various topics.

- <u>Free Motion & Rulers</u> - This bundle primarily covers items not associated with computerized quilting. It includes courses on general free motion quilting and using rulers, as well as more detailed courses geared toward specific rulers.

- <u>Computerized</u> - This bundle is for computerized quilting, specifically Pro-Stitcher Premium and Pro-Stitcher Designer.

- <u>Premium</u> - This bundle includes almost everything included in the Free Motion & Rulers bundle and in the Computerized bundle, along with a few additional courses.

In addition to the bundles described above, quilters who purchase machines from MK Quilts have access to one of two Concierge bundles.

The tables on the following pages list all of the courses, in alphabetical order, and the bundles in which they are included. Descriptions of each course are in the Course Descriptions section at the end of this catalog.

Course Descriptions

All of the courses currently available are listed in this section in alphabetical order.

2020 Q&A Webinar Replays   Melissa Kruschwitz

Q&A Webinar Replays are just that. Replays from previously recorded live Zoom meeting events. Q&A courses from years past are chuck full of information on a variety of topics.

2021 Q&A Webinar Replays   Melissa Kruschwitz

Join Pro-Stitcher quilting expert Melissa Kruschwitz in replays of her 2021 Q&A Webinars, where she answers specific questions and shares mini-lessons on timely topics.

2022 Moxie Monday Webinars   Melissa Kruschwitz

Moxie Monday started as a weekly webinar covering all things Moxie. This course will be added to over time. Any live webinars will be announced.

2022 Q&A Webinars   Melissa Kruschwitz

The Q&A Webinar Course is Melissa's most popular MKQU Premium Membership course offering. Topics covered are wide and varied and answered live. Review the 2020, 2021, and 2022 Q&A courses, and you'll learn more than you ever imagined.

2023 Q&A Webinars (updated)   Melissa Kruschwitz

Join Pro-Stitcher and quilting expert Melissa Kruschwitz in a live Webinar where she answers your specific questions and shares mini-lessons on timely topics. Webinars will be hosted 1-2 times a month and recorded replays with notes will be posted.

Altering a Corner with Pro-Stitcher Designer   Ellen Ault

Learn how to alter a computerized design with Pro-Stitcher Designer. Course focuses on the Split Line, Connect, and Swap tools.

Attaching Borders the MK Way   Melissa Kruschwitz

Learn MK's way of attaching straight set borders to a quilt top. See how MK uses her longarm frame to help in the process. She shares piecing, pressing, and thoughts on quilting too.

Attic Window Line Drawing with PSP and PSD   Melissa Kruschwitz

This course contains a very easy method for creating a Line Drawing of an Attic Window inspired quilt. Instruction on how to build the line drawing is done in both Pro-Stitcher Premium and Pro-Stitcher Designer.

Autumn Appliqué: Wool Tea Towel Table Runner   Gretchen Krasoski

Create a fabulous fall table runner featuring wool appliqué. Review basic raw edge machine appliqué techniques <u>and</u> learn tips for using heavier thread and larger stitches to create a "hand-stitched" look. Finish off the piece with an appliquéd border.

Beginner Paper Piecing: Fractured Paint Box Quilt   Stephanie Baker

Join Quiltworx Certified Instructor Stephanie Baker in this beginner paper piecing course. The Fractured Paint Box pattern is the perfect project to introduce you to basic foundation blocks and simple cutting techniques. Pattern by Judy Niemeyer.

Candy Pouch with a Longarm   Ellen Ault

Recycle your favorite candy wrapper into a fun pouch, quilting it with the longarm!

Centering Your Backing Vertically *   Melissa Kruschwitz

In this course, learn my very quick steps for centering your quilt top vertically on the backing before you load.

Charity Quilt as a Wholecloth Stitchout *   Melissa Kruschwitz

This is a "think outside of the box" course. It was a small, simple quilt where a simple E2E could have been done. Instead MK chose to use the simple center as a blank canvas for which to plan a simple wholecloth type layout.

Checking your Machine Timing - with a Dog *   Paul Kruschwitz

Check your timing with a precision kit.

Chevron Quilt Class   Melissa Kruschwitz

Older Video - This was a half-snowball pieced quilt. MK used a P2P pattern and triangles to create the look she wanted. There is some Art and Stitch instruction in this course.

City Scape Quilt Stitchout   Melissa Kruschwitz

Older Video - MK showed the use of P2P triangles here aided by Art and Stitch to connect them all together so as not to have so many starts and stops. A similar technique using Pro-Stitcher Designer and the Connect (Ctrl-T) function is available.

Colorific   Ellen Ault

Join Ellen in expanding your knowledge of color, learning how colors work together, and when to use which colors in your next quilt.

Connected Edge-to-edge Using PSP and Designer   Melissa Kruschwitz

This course shows you how to connect edge to edge designs so they stitch in both directions. Aided by a simple step in Pro-Stitcher Designer.

Couching on the Longarm   Ellen Ault

Learn how to add embellishments to your quilts with the Couching Feet set.

Creating a Custom Area with PSP and PSD   Melissa Kruschwitz

In this course, learn an alternate method for creating a custom shaped area.   Hint: We won't be using PSP's multi-point marking functionality.

Custom Cropping at the Longarm with Pro-Stitcher   Ellen Ault

Learn how to custom crop on the longarm using PSP. Focus on multiple designs in a single quilt.

Custom Duplication and Grouping   Melissa Kruschwitz

Make custom quilting, row by row, faster with MK's technique called "Dupe and Group". That's short for Duplication and Grouping. Learn how to work with multiple designs in one row and how to approach saving these designs into a workspace.

Design Your Own Hawaiian Appliqué Block   Ritu Haldar

Learn to design your own Hawaiian Appliqué pattern with echo stitching in just a few simple steps. Whether machine or hand appliquéd, these designs are fun to create and add a unique touch to any quilting project.

Designer Days   Melissa Kruschwitz

This course was recorded live over several months in 2021. We started with the basics of Pro-Stitcher Designer and learned about different tools and techniques that can be done with the program. More complicated and advanced techniques were covered by the end. MK and Ellen each brought their unique experiences and methods of working with PSD.

Digital Edge-To-Edge for the Advanced Quilter   Melissa Kruschwitz

Take E2E designs, with Pro-Stitcher Premium, to the next step with MK. You'll learn about adding MKDI (formerly known as Quilt Pattern Indexer), PSP in Simulation Mode, Pro-Stitcher Designer, and ultimately your machine, to make the process fast and seamless at stitchout.

Dream Big Holiday Poinsettia the MK Way   Melissa Kruschwitz

This master level class was built to help the user learn about design coordinates and how those coordinates relate to both Pro-Stitcher Premium and Pro-Stitcher Designer. The course is wholecloth inspired. The base piece used in the course was a Dream Big Holiday Poinsettia panel by Hoffman Fabrics. The techniques learned, however, are meant to be applied to all wholecloth stitch outs and can be adapted to other panels. The techniques can also be applied to complete wholecloth projects with no panel as a focus.

Dream Big Panel Class 1 and 2   **Melissa Kruschwitz**

Come along with MK as she dives into the Dream Big Panel craze. Learn how she approaches this stitch out using digital sets by Urban Elementz.

Dream BIGGER - the MK Way   **Melissa Kruschwitz**

Learn how to take digital Dream Big sets from multiple designers and up-size them to fit the Dream Bigger digitally printed panels from Hoffman Fabrics.

Dresden Plate Appliqué Block   **Gretchen Krasoski**

Use the Dresden Plate Ruler by Creative Grids to make this stunning block. Learn how to add points to the fans, sew accurate seams, and create perfectly rounded centers. Produce "invisible" appliqué with a lightweight thread and blind hem stitching.

Dresden Stitchout using Area and Mark and Record   **Melissa Kruschwitz**

Because PSP allows only one area open at any one time, in this course MK shows how to use a combination of Area and a design created using mark and record to fill in much like an area would. The combination of the area created and the design created helps position other designs needed for this multi-design block.

E2E Left Right Left with Ellen   **Ellen Ault**

Use Pro-Stitcher to connect two E2E rows into one design that stitches from left to right and then back right to left.

Easy Peasy English Paper Piecing with the Lucy Boston Block   **Ritu Haldar**

Welcome to my beginner English Paper Piecing course! In this course you will learn the basic techniques, template making, layout, and a number of small projects using the Lucy Boston Block. Strip friendly English Paper Piecing the Easy Peasy Way.

Easy Peasy Needle Turn Appliqué   **Ritu Haldar**

Join Ritu Haldar as she instructs how to get started doing hand-turned needle appliqué. Learn the basic stitch, how to create and use a template, and how to sew smooth curves & sharp points. A great beginner course to introduce you to something new!

Ellen's Best Practices for Starts and Stops *   **Ellen Ault**

Learn three ways to start and stop your longarm quilting when doing free motion or ruler work.

Embroidery on the Longarm: The MK Way   **Melissa Kruschwitz**

Stitch out beautiful machine embroidery designs on your computerized longarm quilting machine. Yes, it's possible and the results are amazing.

External Custom Cropping with Pro-Stitcher Premium   Melissa Kruschwitz

Have an odd or unusual shaped project to quilt? Don't want to quilt into the areas of the batting that will be cut away? No problem. Learn some custom cropping and repositioning techniques with MK.

Feather Chevron Quilt Class   Melissa Kruschwitz

In this course, we'll be working with Chevron designs from Christy Dillon, owner of My Creative Stitches.

Floating A Quilt Top   Stephanie Baker

Save yourself tons of time in quilt prep by learning to float a quilt top on your longarm instead of pinning to your bar.

Free Motion Quilting 101 – Back and Forth Lines   Ellen Ault

Gain confidence with your Free Motion skills in Ellen's Free Motion Quilting 101 Series. Learn the building blocks of back-and-forth lines to get you started on your free motion journey.

Free Motion Quilting 101 - Loops   Ellen Ault

Gain confidence with your Free Motion skills in Ellen's Free Motion Quilting 101 Series. In this course delve into loops by taking your cursive handwriting to the longarm.

Free Motion Quilting 101 - Meandering   Ellen Ault

Gain confidence with your Free Motion skills in Ellen's Free Motion Quilting 101 Series. In this course master your meandering for a classic fill that you will be able to use as allovers or in custom work.

Free Motion Quilting 101 - Paisley   Ellen Ault

Gain confidence with your Free Motion skills in Ellen's Free Motion Quilting 101 Series. Paisleys are great tear drop shapes to have in your free motion library of designs.

Free Motion Quilting 101 - Swirls   Ellen Ault

Gain confidence with your Free Motion skills in Ellen's Free Motion Quilting 101 Series. All quilters love swirls! Learn the basics of the curves needed for quilting swirls.

Free Pro-Stitcher Tips and Tricks *   Melissa Kruschwitz

A collection of short video tips covering a variety of features and functions of Pro-Stitcher. Content will continue to be added to this course - check back often!

GSTMKW#1: Pro-Stitcher for Beginners the MK Way   Melissa Kruschwitz

New Owner Training Webinar recorded live in January 2021. This is for the new machine (or machine w/PS) owner. We run through the basics and some best practices.

GSTMKW#2: Digital Edge to Edge for Newbies   **Melissa Kruschwitz**

The brand new Pro-Stitcher owner is the target audience. This course covers what are the first things to know and learn with your Pro-Stitcher software.

GSTMKW#3: Digital Edge to Edge for Intermediates (updated) **Melissa Kruschwitz**

The next step in your digital E2E journey with Pro-Stitcher. In this course we build on the Newbies course, but we're going to be shaving off some steps, thereby making the process go faster at the machine.

GSTMKW#4: Inside Fit E2E with Easy Offset Borders   **Melissa Kruschwitz**

Learn how to select edge-to-edge designs that work well with easy border patterns. Learn the tips and technique for design choice and layout, apply those techniques to an actual quilt, and follow along throughout the entire stitching process.

GSTMKW#5: Intro to Simulation with MK - A Virtual Webinar *

                                                         Melissa Kruschwitz

This course is a brief introduction to Layout & Rendering, the term MK coined for how she uses PSP (running in simulation mode) as a layout and design tool. Spend an hour with MK learning the basics and getting introduced to the program and process.

GSTMKW#6: Simulation 101 - Working with PSP Running in Simulation Mode (updated)   **Melissa Kruschwitz**

This is a basics course for Pro-Stitcher. Anyone attending one of MK's live training sessions should view this training so that they are ready to keep pace with the course.

GSTMKW#7: Line Drawing Webinar   **Melissa Kruschwitz**

MK uses line drawings built to resemble the quilt she is working on to help with planning and layout. She originally used line drawings just as a teaching tool. The Line Drawing Webinar ran over 90 minutes and had rave reviews.

GSTMKW#8: Layout and Rendering w/ MK REPLAY   **Melissa Kruschwitz**

This course was recorded live via Zoom. In this course, MK did two quilt layouts in her "Layout and Rendering" style using Pro-Stitcher Premium running in simulation mode.

GSTMKW#9: Layout and Rendering #2 (2019)   **Melissa Kruschwitz**

In this "recorded live" session of Layout and Rendering #2, you will review the MK Way of chunking borders, mixed layout techniques (i.e., block to block layouts), and the more complex border treatments known as L-Shaped, corner-connected borders.

Gypsy Wife Stitchout   Stephanie Baker

Join acclaimed quilter Stephanie Baker as she demonstrates how she broke the design elements of this gorgeous quilt into 4 separate areas and approached the stitching for each section. Stephanie shares lots of tips and tricks along the way.

Handi Quilter Machine Updates *   Melissa Kruschwitz

Short video lessons showing how to update your Handi Quilter machines.

Hexie Quilt Class *   Ellen Ault

Join Ellen in learning how to create hexagon quilt blocks in this free demonstration style class.

Holiday Make It on the Longarm Projects *   Melissa Kruschwitz

Join the Dynamic Duo as they put their heads together and do some Christmas Projects on the longarm.

How Do I Quilt This? Combination Quilt   Ellen Ault

Join Ellen in quilting her combination appliqué and patchwork quilt. Ellen uses Pro-Stitcher Designer, Pro-Stitcher, free motion, and ruler work on this quilt. She walks you through the process of choosing designs and techniques for large negative space.

How Do I Quilt This: Decisions to Make Before Quilting   Ellen Ault

Learn six decisions you need to make before starting your next quilt.

How Do I Quilt This? The Sampler Quilt   Ellen Ault

Learn the process to quilt a sampler quilt, a quilt with multiple block designs and block sizes. Ellen uses free motion and ruler work on this quilt, but the concepts can be applied to computerized quilting.

How to Select a Laptop for your Quilting Needs *   Paul Kruschwitz

Learn how to select a laptop that will meet your quilting needs and more.

How To Tame an Unruly Quilt   Ellen Ault

Quilt tops should be flat, but as we know all quilters have their "First Quilt." It might be a slight ruffle or some large waves, but with Ellen's help you can tackle that quilt and finish it with the same amount of love that went into it.

HQ Cable Ruler   Ellen Ault

Use the HQ Cable ruler to create a braid design in your borders.

HQ Candy Ruler   **Ellen Ault**

Learn tips for working with keyhole ruler shapes, create strips of the ribbon candy design, and take the ruler further by quilting flowers with the HQ Candy. A bonus chapter is included on how to combine three different rulers on a single quilt.

HQ Catchin' Rays   **Ellen Ault**

Learn how to use the HQ Catchin' Rays ruler to create spirals, sash and block designs.

HQ Concave Curves Ruler   **Ellen Ault**

Learn to use the HQ Concave Curve ruler to create curved designs in your borders

HQ Curvy Ruler   **Ellen Ault**

With the HQ Curvy ruler, learn how to quilt one of the most useful quilting techniques: the continuous curve. Ellen shows more design ideas with the HQ Curvy, including a bonus chapter on how to combine three different rulers on a single quilt.

HQ Diamond Ruler   **Ellen Ault**

Use the HQ Diamond ruler to create large diamond designs in your borders.

HQ Feelin' Groovy   **Ellen Ault**

Learn to use the Feelin' Groovy ruler to create piano keys.

HQ Flip Side Ruler   **Ellen Ault**

Learn how to use the HW Flip Side for curved cross hatch and border work.

HQ Flower Power Ruler   **Ellen Ault**

Learn to use the HQ Flower Power ruler to design wreaths, edge to edge designs, and patchwork.

HQ Leafy Ruler   **Ellen Ault**

In this course Ellen shows you how to quilt multiple designs with the HQ Leafy. Learn how to quilt leaves and petals with the keyhole shape. Take these techniques further to quilt flowers, ovals, and more in sashes and quilt blocks.

HQ On Point Ruler   **Ellen Ault**

Learn to use the HQ On Point ruler to create cross hatching, border designs, and more.

HQ Paisley Ruler   **Ellen Ault**

Learn to use the HQ Paisley in creating wreath and border designs.

HQ Peace Out   **Ellen Ault**

Learn to use this multifunctional HQ Peace Out ruler to ditch blocks, clamshell designs, and more.

HQ Pointed Arc Ruler   Ellen Ault

Use the HQ Pointed Arc ruler to learn to breakdown a design to fit evenly in your border.

HQ Righty Ruler   Ellen Ault

Ellen shows you how to quilt with both sides of the HQ Righty ruler for ditching a block, creating sash designs, and how to fill an area. A bonus chapter is included on how to combine three different rulers on a single quilt.

HQ Swish Ruler   Ellen Ault

Learn to use the HQ Swish ruler to create ribbons and border designs.

HQ Triangles Ruler   Ellen Ault

Learn how to quilt with the HQ Triangles Ruler. Ellen shows you how to quilt more than triangles! Use the keyhole shape to quilt inside triangles, quilt pinwheels, and more design ideas.

HQ Twirly Ruler   Ellen Ault

In this course learn how to take this fun twirl shape into multiple quilting motifs. Ellen shows you how to use the HQ Twirly ruler to quilt wreaths, hearts, sashes, vines, blocks, fills, and more.

Imagine Giving: Raw Edge Machine Appliqué for Beginners   Gretchen Krasoski

Learn how to prepare background and appliqué fabrics, arrange and adhere appliqué pieces, as well as basic techniques to stitch around common shapes. Follow along step-by-step to complete an appliqué block that can be used in a number of ways.

Imagine How Joyful: Raw Edge Machine Appliqué Pillow   Gretchen Krasoski

Use Nancy Halverson's book Imagine and review basic techniques. Participants will build an appliqué block and turn it into a pillow. Learn to stitch the background cross hatch quilting design and to create an envelope-style pillow cover.

Imagine My Delight: Raw Edge Machine Appliqué Wall Hanging
Gretchen Krasoski

Create this festive fall wall hanging with raw edge machine appliqué. Based on a block from Nancy Halverson's book Imagine, participants will learn to use the appliqué stitch for quilting, how to add a hanging sleeve, and how to finish with binding.

Installing Pro-Stitcher and Changing Versions *   Paul Kruschwitz

Learn how to install and update Pro-Stitcher Premium. We recommend a way to store the installation files so you can easily access them from the PS Update button. There is also basic file management help.

MKQUILTS
University

Introducing MKDI-Webinar Replays (02-28 and 03-06 2023) * Melissa Kruschwitz

Recorded webinar introduction to the new MK Design Indexer (MKDI), including downloading the software, keywording, and searching both your quilting and embroidery designs.

Irish Chain Quilting and Continuous Orange Peel Stitchouts   Paco Rich

Paco walks you through the steps she takes to custom quilt her QOV Irish Chain Quilt. She provides tips on how to build and modify blocks. She also goes into detail in how she stitches out a continuous orange peel design in the Irish Chain links.

Karlee's Graffiti Wholecloth w/MK and EA   Melissa Kruschwitz

Learn to stitch out this beautiful mandala-style, wholecloth quilt with MK and Ellen. This digital design was created by designer and quilting artist, Karlee Porter. One design, two different approaches to stitching.

L-Shaped Connected Corners with Chunking   Melissa Kruschwitz

This is an advanced class on custom quilting covering many skills and techniques that MK uses. Running over three hours, this video not only utilizes the features of Pro-Stitcher Premium, but also Art & Stitch.

Load Quilts the MK Way *   Melissa Kruschwitz

The original "Quilt Loading the MK Way" had over 15,000 views on YouTube. Since uploading the first loading video back in the fall of 2016, it had become MK's most watched video on YouTube but it had also gotten very outdated. This is an updated version. The loading techniques are still very much the same, but there are lots of new tools she's now using.

Loading the Loft Frame *   Melissa Kruschwitz

How to load quilts on the Handi Quilter Loft frame.

Lonestar Appliqué Stitchout   Melissa Kruschwitz

In this stitchout course, MK shows you steps talked about in the Storyboard version of the course.

Lonestar Appliqué Storyboard   Melissa Kruschwitz

In this video, listen as MK walks you through a series of photos and screen captures of the process she used to plan and layout the quilting designs for this beautiful Lonestar w/Appliqué quilt.

Longarm Ruler Quilting 101 *   Ellen Ault

In this free introduction course, learn which tools and accessories you need to start on your ruler quilting journey. Ellen gives you her best intro tips and advice on longarm rulers, machine settings, and how to ruler ditch a quilt block.

MKQUILTS
University

Machine Binding the MK Way   Melissa Kruschwitz

Binding is the very last thing we'll do to our quilt. In this course MK shows you cross-grain cut, double fold binding completed entirely on a domestic sewing machine. This is the method we use on customer quilts in the studio. Enjoy.

Make It On The Longarm   Melissa Kruschwitz

Our longarms are used for finishing quilt tops. There is "sew" much more we can do with them. In this course, MK will introduce different projects created on the longarm. Some projects will be done 100% on the longarm. Some will include piecing. Enjoy

Meet The Dynamic Duo From MK Quilts *   Melissa Kruschwitz

In March of 2022, Ellen and MK did the Instagram Quilt Fest (#IGQuiltfest2022). It was a 31-day online challenge. We did ours in video form. Hope you enjoy learning a bit more about your MK Quilts' Dynamic Duo.

Meet the MK Team *   Melissa Kruschwitz

MK Quilts is much more than your typical local quilt shop. Melissa shares all about all the various services offered.

Mini Charm Basket   Ellen Ault

Use your favorite mini charms or scrap 2½" squares to create this basket.

MK and EA Do Quilt Market 2022 *   Melissa Kruschwitz

This course is a recap of MK's and Ellen's trip to International Quilt Market October 2022. We're highlighting some of the things we saw and things that are and will be available in our shop over the next several months.

MK Quilts Machine Owner Update - November 2021   Melissa Kruschwitz

This course (1 video only) gives you an update on how you buy gadgets and tools from us with your owner discount, information about an in-person training day with MK in December of 2021 for our newest owners, and other miscellaneous announcements.

MKDI (formerly QPI) Webinars & Training *   Paul Kruschwitz

Learn everything you need to know about organizing your digital designs with MKDI (formerly known as QPI). From downloading the software and updating versions, to keywording and searching your digital database... it's all here in one course. In the fall of 2022, QPI became MKDI with the added ability to index embroidery designs. Keep watch for new, updated content on all the new features and functionality of MKDI.

MK's Process: Project Samples from Start to Finish   **Melissa Kruschwitz**

Join Melissa as she shares new projects she's working on and demonstrates various aspects of her work process from Layout & Rendering to Stitchout. New content is added regularly.

MKQU Member Specials (updated from A Bit Orange)   **Melissa Kruschwitz**

MK works with many designers and other quilting professionals. From time to time MK and those professionals would like to share promotions or discounts with you. This content will be updated as needed. Enjoy. MK :)

MKQU News & Announcements Webinars *   **Melissa Kruschwitz**

Keep up to date with news and happenings here at MK Quilts University. A FREE webinar course where you can register and view the latest zoom webinar announcements.

Modern Churn Dash / Block Building   **Melissa Kruschwitz**

Melissa shows how she built one quilting design for the Churn Dash block by assembling several different designs, and then how she approached placing and stitching that one master design (built in 3 different sizes).

Monroe Quilt Class   **Ellen Ault**

Join MK and Ellen to learn how to use the Ultimate Flying Geese ruler in making this quilt. The Monroe Quilt is a perfect starter project on flying geese, and we will complete the quilt in one day. This course is a replay of a live class.

Moxie Monday Replays - 2021   **Melissa Kruschwitz**

This course is from 2021. The monthly webinar replays where we discuss all things Moxie, from machine basics to set up and maintenance.

My Favorite Color is Moda BOM   **Ellen Ault**

Join Ellen in 2021 for the My Favorite Color is Moda block of the month. Each month, learn sewing tips and tricks for creating this Moda sampler quilt.

National Sew a Jelly Roll Day with MK Quilts - 2022   **Melissa Kruschwitz**

During this annual event, created by Moda Fabrics, Melissa and Becky lead in-person and virtual students through the free Moda pattern called Type It.

National Sew a Jelly Roll Day with MK Quilts 2021   **Melissa Kruschwitz**

The 2021 event focused on the Showering Stars pattern by Robin Pickens.

New Owner Training January 2021   **Melissa Kruschwitz**

New Owner Training Webinar recorded live in January 2021. This is for the new machine (or machine w/PS) owner. We run through the basics and some best practices.

Options & Choices for Raw Edge Machine Appliqué *   Gretchen Krasoski

Learn about the many options for cutting appliqué shapes, as well as selecting threads and stitch patterns. Explanations will be presented to identify why you may want to use certain methods in certain situations.

Owl Charity Quilt-Along   Melissa Kruschwitz

This is another "multiple techniques" course. We covered things like border work, block to block stitching, and custom cropping, to name a few.

Pieced Backings the MK Way   Melissa Kruschwitz

When a 108" wide backing is not going to work on your quilt, let MK show you how she calculates yardage needed and how to sew it all together to make it big enough to fit your quilt.

Piecing a Double Wedding Ring Table Runner using Quiltsmart
Melissa Kruschwitz

MK teaches you how to make the popular Double Wedding Ring Quilt with the Tube Turner from Quiltsmart.

Piecing and Quilting a Double Wedding Ring Table Runner the MK Way
Melissa Kruschwitz

MK teaches you how to make the popular Double Wedding Ring Quilt with the Tube Turner from Quiltsmart. As a bonus, longarmers get a video class for setting up Pro-Stitcher and stitching out the DWR quilt.

Piecing Cubbies Quilt using Mitered Corners   Paco Rich

As Paco takes you through the steps needed to make a Cubbies Quilt, you will learn Paco's mitered corners technique. By the end of the course, you will have a completed quilt measuring approximately 66" x 80".

Piecing the Perfect Border   Ellen Ault

Learn to piece the perfect border in this quick video lesson with Ellen Ault. Tips for working with full borders and helping clients, as well as a downloadable pdf are provided.

Pretty Placemats: Using PSP and PSD for Stitching & Filling Odd Shaped Edges
Paco Rich

Paco uses an elongated octagon shaped placemat design to make a quick table runner. Because of the design's odd shape, she wanted to use the longarm to stitch out an outline around the design where she would use it as a guide to trim up the table runner after she quilted it. She shows how she created and rotated a simple piano key design to fill in the gaps between the outline and design. She walks you through creating an area, using crop and

editing the design's anchor points to reduce overstitching. Jump in and get your feet wet with using PSD and PSP and exploring the most commonly used tools.

Pro-Stitcher Designer: Wholecloth PSD   Melissa Kruschwitz

Use some clamshell designs, a couple other P2P designs, a cool straight-line outer surround, and boom. Super neat small wholecloth stitchout using both Pro-Stitcher and Pro-Stitcher Designer.

Programming Your Handlebar Buttons *   Melissa Kruschwitz

A quick video showing how to program the buttons on your adjustable handlebars.

PS Connect the MK Way   Melissa Kruschwitz

MK's testing, experiences, and recommendations for working with new Pro-Stitcher Connect Update. This course originally built in May 2023. PS Connect Update Version 703. New versions will most certainly be added. Stay Tuned

PS Lite: Unboxing & Installation   Melissa Kruschwitz

Watch the unboxing of the highly anticipated Handi Quilter Pro-Stitcher Lite. Learn what all of the pieces and parts are and how to properly install PS Lite on your Moxie.

Put Pro-Stitcher Designer on Your Machine Tablet   Melissa Kruschwitz

In this course, walk through the steps of installing Pro-Stitcher Designer onto your machine's tablet.

Quick Machine Tips and Tricks with MK * (updated)   Melissa Kruschwitz

When you've been quilting as long as MK has, you come to know our wonderful HQ machines very thoroughly. Let her share with you some of the best machine-related tips and tricks.

Quick PSD Tips from MK   Melissa Kruschwitz

This course contains quick tips from stitchouts in MK Quilts' studio. Topics will be varied but will be Pro-Stitcher Designer focused. New lessons will be added as things pop up that MK wants to share.

Quick PSP Tips from MK   Melissa Kruschwitz

This course contains quick tips from stitchouts in MK Quilts' studio. Topics will be varied but will be Pro-Stitcher and Pro-Stitcher Designer focused. New lessons will be added as things pop up that MK wants to share.

Quilt of Valor Chapter Class   Melissa Kruschwitz

The lovely Quilt of Valor quilt used in this class was perfect the techniques MK wanted to share. In this class we'll be using Pro-Stitcher Premium and Pro-Stitcher Designer.

Quilting For a Cause - BCA: Simply Scout   **Colleen Schaan**

Join us for a special project as we recognized Breast Cancer Awareness month. Learn tips and tricks for sewing strip sets, cutting angles, sewing diagonals, and pattern assembly as we pieced together the herringbone pattern Scout by Cluck, Cluck, Sew.

Quilting Play #1 -- The MK and EA Way - The Orange Quilt   **Melissa Kruschwitz**

1 Quilt. 2 Ways to Quilt it. The MK Way. And the EA Way.

Quilting Play #2 -- The MK and EA Way - Lime Quilt   **Melissa Kruschwitz**

1 Quilt. 2 Ways to Quilt It. The MK Way and the EA Way.

Quilting Play #3 -- The MK and EA Way - The Red Quilt   **Melissa Kruschwitz**

1 Quilt. 2 Ways to Quilt it. The MK Way. And the EA Way.

Quilting Play #4 -- MK's Sycamore No. 2   **Melissa Kruschwitz**

This smaller, table-runner sized Sycamore quilt was quilted by MK on an Amara, giving others with shorter throat-depth machines the opportunity to accomplish this stunning quilting layout.

Quilting Play #4 -- The MK and EA Way - Sycamore   **Melissa Kruschwitz**

1 Quilt. 2 Ways to Quilt it. The MK Way. And the EA Way.

Melissa Kruschwitz

1 Quilt. 2 Ways to Quilt It. The MK Way and the EA Way. Patchwork Christmas quilt. Pattern by Judi Madsen.

Quilting Play #6 - the MK and EA Way - Star Crossed   **Melissa Kruschwitz**

Melissa and Ellen are at it again in the next installment of the popular Quilting Play series. Join them as they tackle quilting this sunning Star Crossed pattern - both in their own unique way.

Quilting Play #7 - the MK and EA Way - Meadowland (March 2023) (updated)

Melissa Kruschwitz

1 Quilt. 2 Ways to Quilt It. The MK Way and the EA Way. Meadowland quilt, pattern by Then Came June.

Quilting the Double Wedding Ring Quilt - Standalone   **Melissa Kruschwitz**

Standalone longarming instruction for quilting the DWR quilt. Part of the DWR class as a bonus.

Reposition Large Patterns on the Longarm   **Melissa Kruschwitz**

Ever work with a large design on your longarm and not sure how to advance or reposition? Follow along with MK and Ellen to see how they handle advancing a large pattern.

Ribbons with Rays Class   **Melissa Kruschwitz**

This is an advanced training class using an actual customer quilt. Please take 'Layout and Rendering #1 and #2" before diving into this video. Pro-Stitcher Premium Simulator is used for most of the training, however there is also plenty of live.

Setting Up a Loft Frame - 6 Feet *   **Paul Kruschwitz**

Paul (Mr. MK) demonstrates how to set up the Loft style frame as a 6 foot table.

Sewing Machine Mat Tutorial *   **Ellen Ault**

Learn how to make a sewing machine mat in this quick tutorial with Ellen Ault!

Simple On-Point Block Layout with Borders   **Melissa Kruschwitz**

A simple layout and stitchout all in one simple course.

Soft Edge Appliqué Stitching   **Gretchen Krasoski**

Learn to make multiple layer appliqué designs without using fusible web. Use a stunning, straight stitch style that allows the edges to curl and ruffle after several washes creating a dramatic three-dimensional look.

Splendor - Working with Triangles   **Melissa Kruschwitz**

This is a simple quilt with some very prominent triangular shapes. It was those triangles that caught MK's eye and upon which we'll focus on in this course.

Star Gazing Sew-Along   **Melissa Kruschwitz**

Join MK and Ellen in creating the Star Gazing quilt from the Starlight Gathering pattern book.

Stephanie's Quilt Hoist System *   **Stephanie Baker**

Stephanie and George Baker show how to install a unique quilt hanging system using simple supplies.

Straight Line Appliqué Stitching   **Gretchen Krasoski**

Learn the process of creating an overlapping appliqué design and transferring it to a quilt sandwich. Become familiar with the straight appliqué stitch and how to use appliqué stitching both as a stabilizer as well as a decorative quilting feature.

Tamarack Jacket   **Ellen Ault**

Join Ellen Ault in creating your very own quilted coat, the Tamarack Jacket.

Tech - MOTT Service Manuals and Reference Guides   **Paul Kruschwitz**

A library of machine manuals and reference guides to assist you with machine ownership and troubleshooting.

Tech - Timing Your Longarm   **Paul Kruschwitz**

You can time your own longarm by following this detailed course. This is free to the MK Quilts machine owners and part of the Technician tiers. Scheduling a concurrent support appointment is recommended.

Texas Star   **Melissa Kruschwitz**

Learn MK's quilting of Texas Star quilt including duplication and grouping, connecting with Pro-Stitcher Designer, mark and record, custom cropping, inside fit E2E w/skewing, line drawing, and layout and rendering.

The Parables Quilt Along   **Melissa Kruschwitz**

A journey to a sampler quilt made from blocks inspired by the teachings of Jesus Christ through his parables. Join MK, Becky and Pastor Dave for a journey in quilting and faith.

Tips for Piano Key Corners and Feather Flower Designs   **Melissa Kruschwitz**

Melissa shares a few quick tips for working with Christy Dillon's Piano Key Corner and discusses picking the right designs to create the proper scale for an inside E2E pattern.

Triangles: Creating and Quilting Large HST   **Paco Rich**

The majority of this course takes you through using Pro-Stitcher Designer. You get a real feel for how all the tools in PSD work together for you to create and plan the custom designs you need to take to the machine to stitch them out. Paco shows you how she analyzes the quilt and creates line drawings and layouts. She goes into detail on how she uses various tools in PSD. With so much to learn, Paco has included a printable outline for you to follow and make notes on as you go through the course. It's not required to make the quilt to take the course, but the link to the free pattern for making the large half square triangles is also included.

Triumph Sew-along   **Ellen Ault**

Join the Dynamic Duo to create the Triumph quilt! Learn to use the Ultimate Flying Geese ruler, create an "on point" quilt top, and learn accurate piecing tips. Quilt Kit and patterns are available.

Troubleshooting Longarms W/PSP Master Course   **Paul Kruschwitz**

Material will be continuously added to this Master Course on Troubleshooting issues with the HQ longarms and Pro-Stitcher.

Turn a Border Design into an E2E Using the Wrap Feature   Ellen Ault

Learn how to use the Repeat Wrap feature to convert a border design into a repeatable edge to edge quilting design.

Updating the Moxie *   Melissa Kruschwitz

Learn how to make updates on your Handi Quilter Moxie machine.

Using the Handi Quilter Bobbin Winder *   Ellen Ault

Leery of loading? Boggled by bobbins? Learn how to quickly and easily load your own bobbins using the Handi Quilter bobbin winder.

Wanta Fanta: Combining Pro-Stitcher, Rulers, and Free Motion   Ellen Ault

Learn how to take a simple block-based quilt with lots of negative space to the next level by combining Pro-Stitcher, rulers, and free motion on the Wanta Fanta quilt.

Webinar: Small Business Discussion - Making Money   Paul Kruschwitz

This Apr 8th, 2020, live webinar included over 30 people with questions regarding making money with their longarms. Sole Proprietorship vs LLC, simple tax issues, setting prices, and much more. (Consult your own tax advisor.)

What's Up With MK?   Melissa Kruschwitz

Keep up with MK in the studio. See what she's working on, how she thinks through things, interruptions and antics. Happenings with Ellen, Mr. MK and Samson. Basic life as we know it at MK Quilts. It's sure to be loads of fun.

Wholecloth Layout with MK   Melissa Kruschwitz

In this session, we take all the skills and techniques you've learned in Layout and Rendering #1 and #2, and wrap them all into one to come up and plan out wholecloth layouts.

Working with Blocks Bigger than our Throat Space (03-2023)
Melissa Kruschwitz

Learn how to build or alter blocks to fit in your longarm machine's throat depth using Pro-Stitcher Premium and simple steps in Pro-Stitcher Designer. Cropping, splitting blocks, and building blocks from triangles are just some of the options covered.

Working with MKDI (formerly known as QPI) *   Melissa Kruschwitz

MK Design Indexer (formerly known as QPI) is a product of MK Quilts that was developed to assist you in organizing (indexing) and keywording your digital quilting designs. This is a primer course. 4 short lessons on how to easily set up and use the program.

Working with your Tablet off your Machine   **Melissa Kruschwitz**

In this video we're talking about using your tablet off of your machine and attaching the keyboard that came with it so that we can use our tablet in simulation mode.
